Alex & Stephen pls communicate on recent thefts from Llewellyn site. Pls make sure that Crime was reported.

Stephen, separate from the City Lot at Alpine/Alameda a couple of catalytic converters were stolen last week overnight from LACC vehicles parked inside the fenced lot at Spring/Elmyra/Llewellyn. Theft was reported to LAPD.

I'm trying to coordinate installation of LADWP outdoor area lighting on wooden poles in the Llewellyn/Spring area.

If you're a parent would you want a non related adult posting photos of your child? Why is there still a mountain of personal property, chair at pavilion stored on Alpine Property? Why is the individual still staying on site after park closure?

Good morning Sophia,

I visited Alpine RC with LAPD SLO Nichols yesterday afternoon, see attached photo. I do not believe that unattended personal property should be stored at a RC 24/7.

More disturbing is hearing from another nonprofit director on site yesterday that some youths enjoy the interaction with [redacted] where he removes their shoes and tickles them. I think we have heard these stories from other situations and they never turn out well for the children and youths involved.

I am not opposed to [redacted] or anyone else peacefully enjoy Alpine or any RC. However, in light of the concerns that have apparently be ongoing for some time I wanted to bring this to your attention.

I received your email correspondence yesterday via our General Manager . I have spoken to the Director and Ranger Albert regarding your concerns about [redacted].
I assure you that we have made contact with our Ranger Division and LAPD and everyone is working together to address this situation.

There is a process by which we are required to handle personal items that are located at the park and we must follow the protocol.

The Rangers have spoken to the patron and have notified him that he may not store his personal belongs at the park.

We are also aware of the incident with the minor female in late Dec. where [redacted] grabbed the minors legs and that also was documented and reported to LAPD at the time of the incident.

I called you earlier today and left a message on your voice message. Please feel free to contact me if you should like to provide any additional information to your initial email.

We sincerely Thanks You for supporting our City and Alpine RC via BID in Chinatown

Much Appreciated,

I was here last week. I reported back to Tia that while the buildings are locked and secured, the property is easily accessible from Alpine St. and Centennial St. There are currently no RVs or vehicles used for dwelling on or in front of the addresses. One block over (on Bartlett St.), there are several RVs that are parked and appeared to be used for dwelling. However, they can be cited for various parking and other violations, similar to the situations/locations on Llewellyn and N. Spring St. that I dealt with, along with DOT.

I reported back to Tia that while the buildings are locked and secured, the property is easily accessible from Alpine St. and Centennial St. There are currently no RVs or vehicles used for dwelling on or in front of the addresses. One block over (on Bartlett St.), there are several RVs that are parked and appeared to be used for dwelling. However, they can be cited for various parking and other violations, similar to the situations/locations on Llewellyn and N. Spring St. that I dealt with, along with DOT.

If you're a parent would you want a non related adult posting photos of your child? Why is there still a mountain of personal property, chair at pavilion stored on Alpine Property? Why is the individual still staying on site after park closure?

Good morning Sophia,

I visited Alpine RC with LAPD SLO Nichols yesterday afternoon, see attached photo. I do not believe that unattended personal property should be stored at a RC 24/7.

More disturbing is hearing from another nonprofit director on site yesterday that some youths enjoy the interaction with [redacted] where he removes their shoes and tickles them. I think we have heard these stories from other situations and they never turn out well for the children and youths involved.

I am not opposed to [redacted] or anyone else peacefully enjoy Alpine or any RC. However, in light of the concerns that have apparently be ongoing for some time I wanted to bring this to your attention.

Good Afternoon Mr George Yu :

I received your email correspondence yesterday via our General Manager . I have spoken to the Director and Ranger Albert regarding your concerns about [redacted].
I assure you that we have made contact with our Ranger Division and LAPD and everyone is working together to address this situation.

There is a process by which we are required to handle personal items that are located at the park and we must follow the protocol.

The Rangers have spoken to the patron and have notified him that he may not store his personal belongs at the park.

We are also aware of the incident with the minor female in late Dec. where [redacted] grabbed the minors legs and that also was documented and reported to LAPD at the time of the incident.

I called you earlier today and left a message on your voice message. Please feel free to contact me if you should like to provide any additional information to your initial email.

We sincerely Thanks You for supporting our City and Alpine RC via BID in Chinatown

Much Appreciated,
spc

Good Afternoon Mr George Yu :

I received your email correspondence yesterday via our General Manager . I have spoken to the Director and Ranger Albert regarding your concerns about [redacted].
I assure you that we have made contact with our Ranger Division and LAPD and everyone is working together to address this situation.

There is a process by which we are required to handle personal items that are located at the park and we must follow the protocol.

The Rangers have spoken to the patron and have notified him that he may not store his personal belongs at the park.

We are also aware of the incident with the minor female in late Dec. where [redacted] grabbed the minors legs and that also was documented and reported to LAPD at the time of the incident.

I called you earlier today and left a message on your voice message. Please feel free to contact me if you should like to provide any additional information to your initial email.

We sincerely Thanks You for supporting our City and Alpine RC via BID in Chinatown

Much Appreciated,

Unclear of awareness as the parent that forwarded this to me and the Castelar volunteer parent are aware but they're the ones

[redacted] told me he had been a teacher. It's worth finding out if he had issues as a teacher.
On the other hand, maybe he's nothing but a down and out guy.
His defenders, with their Facebook page, say he's a tutor, an instructor, a member of the community.
Are they all being duped?

Good Afternoon Tia and Elizabeth,

Hope all is well with you both.

The Owners at Eastside market approached our office expressing concerns with the above mentioned address, being used by Homeless(squatters). Per the Nearby residents LAPD had a raid not so long ago and arrested two individuals.

Officer Ortega- Can you advise if there is any history on this property? Its been vacant for a month now.

As both are aware this location has became a gathering for Motor homes. would like to take action as soon as possible to avoid the issue getting bigger.

looking forward to hearing from you.

Good morning,

Pls note that we have an issue Sunday night at Ord & Alpine. Multiple individuals blocked the intersection of Ord/N Spring Street and partying in the street. Individuals were patrons of event at Tree House Lounge 686 N Spring Street.

May Flower Restaurant owners were quite intimated and called me. I requested them to call LAPD but they didn't. Upon BID ofcrs arrival they dispersed.

Pls check treehouserooftop on IG for Sunday event. Their's and patrons tagged photos is proof of non compliance to their conditions.

Good Morning George,

While conducting extra patrol this morning to the problem locations, [redacted] was not at this location. Unfortunately she moves around so much it is difficult to have resources provide outreach to her. I spoke with your BID bike patrol this morning at the corner of Ord and Hill and he didn't mention [redacted]. She must have arrived shortly after.
We do have DMH coming out to speak to [redacted] at Alpine Rec Center next week.

Have a great day.

Thank you Tia for addressing this. George as soon as you have further details on the incidents regarding [redacted] and her using the sidewalk as a reatroom please send them over. Also we would need details on dates and times she has been seen buying alcohol so we can meet with the owners again and provide them with her photo so they know not to sell alcohol to her. The more details you send, dates, times and who witnessed these incidents really helps us.

Thanks again for being our eyes and ears in the community.

I'm confirming who observed the actual disposal. It may be a case if she's the only one immediately adjacent to sidewalk where wet stains are after sidewalk has been cleaned.

Ai Hoa/Won Won are long term issues that Kurt/Stephen, previously SLOs have addressed. Happy to meet at the locations anytime.

Hi all,

George, I'd to clarify a couple of things. First, who witnessed [redacted] dumping her fecal matter onto the sidewalk? I'm looking into possible prosecution of this issue so it is imperative that you provide as many detail as available. Secondly, when you say there are sidewalk cleanings, you mean the BID is conducting these cleanings correct? I'm

thinking the LAPD HOPE team may be able to offer assistance if they can coordinate with the cleaning schedule. Next, if the markets you referenced are selling alcohol to known nuisance individuals in the area, at the very least myself and LAPD need to meet with them to discuss what they can do immediately to support and not impede the health of the community.

Finally, it seems like the Chinatown community may benefit from a public safety meeting with multiple city agencies. Let's schedule something in the next month or so. As always, thank you for your partnership in resolving these issues.

Sincerely,

Saw and forwarded. Apparently the victim was a friends neighbor, her phone was dumped at Alpine Rec and evened up with a homeless person. Getting more details now. Are you on today? If so, time to meet up unless you're at Library.

Good morning,

FYI only pls note photos of Arc St tags this week on Cleveland, Alpine and College Street around Cleveland.

We believe that this is related to a Alpine Rec volunteer who has lived at at [redacted] for 40(?) years. There was a vandalism arrest related this address years back (2015?) witnessed by LAPD Ofcr Lotus Leong who was or is an Alpine St resident.

Happy to meet on site to review options but I would suggest posting private property/no trespassing signage and filing Arrest Authorization with Central Station will forward later.

I will go by there on Tuesday when I return to work. That one photo of the male Hispanic is just a kid. I need to meet with the property owner or management to get those No trespassing signs up ASAP. Thanks for letting me know.

Have a great weekend.

I'm with SLO Nichols now at 1200 N Spring St now. Pls note attached photo of outlet cut into base of Street Light which is intermittent. RV is being towed as we speak. Would it be possible to schedule replacement of the loose baseplates on both Street Lights? 311 requests address comes up as 135 W College St but lights are on Spring Street.

Hi Mr. Fung,

LAPD is aware of this man ([redacted]) and his conduct at the Alpline Recreation Center. I've included the Chinatown senior lead officers Ortega and Nichols on this email. From my conversation with them, I think a meeting with LAPD and the Recreation Center is needed. I'll set that up and share any insight that may be beneficial for your school. In the interim, I encourage you to be diligent in reporting criminal conduct through 911. Further, 877-ASK-LAPD is available for non-emergency conduct.

I look forward to speaking with you again soon!

Sincerely,

Principal Fung,

Just wanted to bring an issue to your attention. My mom and several Castelar parents take the kids to the Alpine park to play after pick up. There's been a man there, with no children of his own, that has been hanging around

the kids and trying to engage them in “tag” and other forms of playing and/or games. The mom of one of [redacted] has approached him and asked him to not play with the kids, and he has argued that he has the right to be there and that he’s not doing anything wrong. My mom also told him that she didn’t want him playing [redacted] and he said something similar to her. If there’s again today, my mom is going to notify me and I’m going to ask him to leave the park and not play with the kids. I just wanted to make sure you were aware of the situation.

Hi Ms. Strozier,

A few of our students have been having issues with a homeless person name [redacted] for last couple of years. He hangs out at Alpine Recreation Center. I totally forgot about him this morning until I received this email.

I call DCFS but they say it's something that LAPD handles. I tried calling LAPD a couple of times, but got a recorded message saying no one can answer right now. Is there anyway you can help us with this situation? Thanks

Principal Fung,

Just wanted to bring an issue to your attention. My mom and several Castelar parents take the kids to the Alpine park to play after pick up. There's been a man there, with no children of his own, that has been hanging around the kids and trying to engage them in "tag" and other forms of playing and/or games. The mom of one of [redacted] has approached him and asked him to not play with the kids, and he has argued that he has the right to be there and that he's not doing anything wrong. My mom also told him that she didn't want him playing [redacted] and he said something similar to her. If there's again today, my mom is going to notify me and I'm going to ask him to leave the park and not play with the kids. I just wanted to make sure you were aware of the situation.

Hi Tia,
The male in question is [redacted]. He has been an ongoing problem for a number of years. He is a self-described tutor, mentor, and overall "friend" to the students after school. However...there are those who believe that he may be a borderline molester/pedophile and that his interactions with the children are disturbing. Others - including some parents - are appreciative of his presence and think that he is helpful to their children. He has had numerous (!) run-ins with the Chinatown BID officers and on his Go Fund Me page, he laments the harassment that he has experienced at their hands - and probably with LAPD. In short, he is a nuisance who should not be allowed to have contact with the students unless he has the appropriate certification/licensing credentials with a background check that allows him the kind of access to children that he has had for several years. For a second opinion, ask George Yu. He will only be too happy to share his experiences with [redacted], ad nauseum.😂

Hi Ms. Strozier,

A few of our students have been having issues with a homeless person name [redacted] for last couple of years. He hangs out at Alpine Recreation Center. I totally forgot about him this morning until I received this email.

I call DCFS but they say it's something that LAPD handles. I tried calling LAPD a couple of times, but got a recorded message saying no one can answer right now. Is there anyway you can help us with this situation? Thanks

Principal Fung,

Just wanted to bring an issue to your attention. My mom and several Castelar parents take the kids to the Alpine park to play after pick up. There's been a man there, with no children of his own, that has been hanging around the kids and trying to engage them in "tag" and other forms of playing and/or games. The mom of one of [redacted] has approached him and asked him to not play with the kids, and he has argued that he has the right to be there and that he's not doing anything wrong. My mom also told him that she didn't want him playing [redacted] and he said something similar to her. If there's again today, my mom is going to notify me and I'm going to ask him to leave the park and not play with the kids. I just wanted to make sure you were aware of the situation.

Subject: Tuesday 2/26/19 Robbery

From Tony Ov, His and Hers Jewelry. I can't find anything for 3/28/18 but from Crime Stats I see a 3/21/18 1600hrs Theft incident at 812 N Broadway. Suspect arrested by LAPD.

So something I came across while looking through the latest incident. I noticed the shoes of the guy that came out of the orange mustang. I kept telling myself that I've seen those type of shoes before so I went through all the robberies and didn't have any luck until recently I went through some photos I saved and found it. The two men came to my store on March 28, 2018 and attempted to see some merchandise but I refused to show them and I locked them inside my store. The guy in grey went to touch my door to see if it would open but it didn't. They decided to leave and walked towards alpine st. I closed my business after they left, they walked back, noticed I closed, and then went to another store. They ran off with a diamond bracelet. I know the police came out to do a police report but don't know if they had photos from the store owner (812 N Broadway). I have attached pictures and it looks to be the same guy.

Good morning all,

Please note responses below. Please that the Chinatown BID is cleaning up Oscar's human waste daily and documentation and reporting to LAPD can continue but what is the end goal? This individual is unable to stop drinking and being a quality of life issue to our community daily.

(1) Where was he observed defecating in the above picture?

1. At the entrance to business at 700 N Broadway.

(2) What contact, if any, did BID security have with him?

2. Daily contacts on multiple times to please do not defecate at location, to please go to Library or Alpine Recreation Center and if any services are required.

(3) On the day of the above-referenced incident, was he asked to leave and if so, what was his response?

3. See above and Oscar declines offers of assistance and says he'll go where he wants.

(4) Is there a particular intersection he frequents?

4. 700 N Broadway as that is where he asks other individuals to purchase alcohol for him.

(5) How long has this been going on with him?

5. Oscar has been an issue for past several years.

(6) What methods have been effective in deterring him from engaging in this and/or other illegal conduct?

6. No methods have been effective other than arrest.

Thank you,

George Yu
Executive Director

Hi George,

(2) What contact, if any, did BID security have with him? (3) On the day of the above-referenced incident, was he asked to leave and if so, what was his response? (4) Is there a particular intersection he frequents? (5) How long has this been going on with him? (6) What methods have been effective in deterring him from engaging in this and/or other illegal conduct?

Thank you for your response! My suggestion is to continue being diligent in recording and reporting his illegal conduct to LAPD.

I am aware that absent an open and available rest room we cannot cite for public urination and defecation. However both the Chinatown Library and Alpine Recreation Center's public rest rooms are open and available when this took place.

I recently shared another photo of Oscar, pants down pooping into the tree well at this location, taken by a parent visiting with his children.

Pls advise what our options are for Oscar. We are tired of cleaning up his crap.

Subject: Oscar World

Pls note attached photo of and info below on Oscar World. This issue is a daily occurrence and the location is within the 100 yards Stay Away from location of arrest.

I am aware that absent an open and available rest room we cannot cite for public urination and defecation. However both the Chinatown Library and Alpine Recreation Center's public rest rooms are open and available when this took place.

I recently shared another photo of Oscar, pants down pooping into the tree well at this location, taken by a parent visiting with his children.

Pls advise what our options are for Oscar. We are tired of cleaning up his crap.

Oscar World DOB 11/28/61
Arrested 12/17/17
Case#7CJ14193
Violation 647(A) PC
For a period of 24 Months under the following terms and condition.
-100 yards away from location of arrest. 708 N Hill Street

759 N Spring had an incident occur at around 5-5:15PM on Friday 1/18. One of their employees was threatened by a man outside the building on New High. She mistakenly touched his car door handle thinking it was her Lyft and he threatened to come back and shoot her.

Hi George,

I hope you are doing well! Our tenant at 759 N Spring had an incident occur at around 5-5:15PM on Friday 1/18. One of their employees was threatened by a man outside the building on New High. She mistakenly touched his car door handle thinking it was her Lyft and he threatened to come back and shoot her.

Unfortunately, our cameras did not pick up the encounter so they could report the incident, but I just wanted to write you in case the vehicle description rings a bell to BID. The car was a [redacted].

I have copied Dawn from their office, just in case you had any feedback.

Good Morning,

I hope you are doing well. I am working today and Thursday. Please let me know when a good time to meet is. Senior Lead Officer Nichols forwarded me your email regarding Pedestrian Safety on Thursday 1/31 at 6pm. I reached out to CTD (Central Traffic Division) however they are not available with the short notice. I can provide a brief presentation Thursday at 6pm and provide any pamphlets we have available. Does that work for you?

Hi George/Officer Nichols,

I wanted to advise you there has been an increase of homeless people sleeping overnight in their cars on Cleveland Street between Alpine and College Streets. One group camps out at the Alpine park pavilion from early morning until 10:00pm and then goes into the black Mercedes to sleep. I've seen them throw trash into the bushes and relieving themselves between parked cars on the street.

This continues to be a serious safety concern for our community. Tenants have expressed their concerns for their children and family.

Please help address this ongoing issue of people sleeping in their cars overnight.

Thank you,

Chinatown Patrol detailed a Male White transient [redacted] who took a Wells Fargo money bag from one of the illegal vendors at 812 N. Broadway.

LAPD Ofcr Castro arrived at Alpine and Spring but advised due to Ray (transient who reported incident) and LAPD being unable to locate Yolanda he will be released, suspect left East on Alpine. Yolanda also confirmed that the money bag the subject had on his person did not belong to her.

Yes, a frustrating waste of time and resources. That our City now allows illegal vendors to compete with rent paying merchants and now we have to deal with crime committed against the illegal vendors is the definition of insanity.

Mr. Lau,

Thank you for your email, Chinatown Patrol has already been by to see you this morning and informed you that the male Latino is a recent transient to Chinatown. Please find attached photo of this individual taken yesterday 1000hrs in front of Central Plaza. Please note additional information on this individual given to Chinatown Patrol yesterday at 1000hrs below:

Thursday 7/5/18 1800hrs a Male Hispanic transient (Blue Shirt over Dark colored pants) was wandering on the first floor of apartment building (824 Alpine). The transient was told him to leave brandished a knife on RP who then dialed 911. Subject then fled in an unknown direction. RP advised that no police report was filed due to the subject leaving and LAPD did not respond. Subject is currently at 951 N. Broadway waiting for the bus and declined shelter info. Subject refused to ID himself. Transient was observed in the district several weeks ago.

Nothing is more important than a clean and safe community. However, please note that your address is not within the Chinatown BID boundaries. All crime and suspicious activity should be reported to LAPD, Chinatown Patrol will assist and provide patrol as possible.

This information will be forwarded to LAPD SLO Nichols. Please continue to communicate your concerns and input.
